Dear Sir:

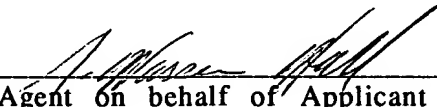

APPLICATION DIVISION

We enclose for filing in the above-identified application the required Petition which was inadvertently omitted from the documentation previously filed in the Patent Office.

We believe this now completes all requirements and that the application can be accorded a filing date.

We have requested that the parent application be revived as being unintentionally abandoned and we request that these matters be treated simultaneously in order that the parent application is revived at the date of granting of the filing date in this continuation application.

Respectfully submitted,
